## EDUCATION

**MADAN MOHAN MALAVIYA UNIVERSITY OF TECHNOLOGY**
BTECH IN COMPUTER SCIENCE
2023 |7.44 |Gorakhpur,India

## LINKS

Portfolio:// **portfolio**
Codechef:// **codechef**
Codeforces:// **codeforces**
Github:// **GitHub**
LinkedIn:// **LinkedIn**

## SKILLS

**PROGRAMMING**

Coding:
• Data Structures and Algorithms
• Competitive Programming

Experienced:
• NodeJS
• MongoDB
• BootStrap
• Express.JS
• React.JS
• C++

Intermediate:
• Ethereum Blockchain
• Solidity
• Smart Contracts

Familiar:
• Web3 | Ethers.js
• Truffle
• Ganache | Hardhat
• Mocha

**OPERATING SYSTEMS**

• Linux/Unix
• Windows

## RESPONSIBILITY

EXECUTIVE MEMBER OF IEEE
• Participate and conduct various conference of IEEE.
• Set problem in coding contest organised by IEEE.

## EXPERIENCE

**CODING NINJAS** | CONTENT INTERN
7 August 2023 - present | Gurugram, India
• Created 60+ coding problems in Data Structures and Algorithms to challenge and reinforce fundamental concepts.
• Developed 15+ Jest test suites to boost code coverage and enhance application stability in Node.js.
• Conducted code reviews, identifying areas for improvement, and consistently delivering actionable feedback to enhance code quality and maintainability.

**CODECHEF MMMUT CHAPTER** | CP MENTOR
June 2020 - September 2022 | Gorakhpur, India

• Official coding club of college mentored by codechef.Created 30+ Coding Problems for Competitive Programming Contests held on Codechef.Clear Doubt and take session of the college student in DSA and Competitive Programming.

## PROJECTS

**YELP CAMP** link

• Tech Stack : JavaScript | Node.JS | Express.JS | MongoDB | EJS | HTML | Bootstrap
• Yelp-Camp is a CRUD based app which allows us to view various campgrounds that are available in the world. It also allows to to give our honest opinions in form of reviews about the campgrounds as well. We can also view various images of the campgrounds.
• It provides facilities of authorization and authentication also. You can upload images of your playground and watch them on a map in real-time.

**BLOCK-KART** github-link

• A Blockchain-based E-commerce Website With Admin Pannel and Digital Warranty System using NFTs.
• Tech Stack: Reactjs, Nodejs, MongoDB, Solidity, Ethereum, Web3js, ERC721 smart-contract

## ACHIEVEMENTS

• Got great experience in problem setting at Coding Ninjas.
• 5* on Codechef
• Specialist at Codeforces
• ICPC Regionalist.
• 90 rank in Innovate India Coding Championship Finale, organised by Coding Ninja and AICTE.
